

HOMEOPATHY FOR DISEASES IN CHILDREN

Homeopathy is every child's friend for the treatment of most ailments, except for critical care. Children possess delicate body-mind system calling for equally gentle and safe medicine that is found in homeopathy.

5 Reasons why homeopathy should be adopted for children

1. Absolutely safe:

Homeopathic medicines are prepared mainly from herbal extracts, minerals, refined chemicals using a specialized process called potentisation, whereby micro-dose of the original substance is used; rendering it absolutely safe and highly effective. Even a day old baby can safely be given homeopathic medicine without any adverse effects. The medicine could be continued for years, if indicated, in chronic diseases.

2. Highly effective and quick:

It is every homeopath's observation that children being more sensitive, respond quicker to homeopathy. Homeopathy is extremely effective for practically all sorts of childhood ailments.

3. Scientific and Natural:

Homeopathy is based on Nature's principle of cure, namely Like Cures Like (The Law of Similars). The effects of homeopathy can be scientifically checked and positive results can be reproduced over and over again. It works on the solid and scientific principles.

4. Immune-booster, immuno-corrective:

Many diseases in children are due to low resistance or altered immunity; requiring immunoboosting and immunocorrections. Homeopathy is believed to do just that. Frequently occurring as well as long-standing

diseases in children respond marvellously using homeopathy.

5. Child Friendly!

Sweet in taste, easy to administer; homeopathic medicines are child friendly.

Scope of Homeopathy for various diseases in children:

All health-conscious parents today must know which diseases homeopathy can help.

Homeopathy works for both of the following categories:

a. Acute diseases: Those diseases which are of acute and intense nature; of short duration.

Examples: Acute colds, cough, Throat infections (e.g. Tonsillitis), Ear infection (Otitis media), Sinusitis, Bronchitis, Pneumonia, Bronchiolitis, Asthma, Gastritis, Gastroenteritis (loose motions), Hepatitis A (Jaundice), Skin infections (Boils), Measles, Chickenpox, Urinary infection, Viral infections (e.g. Flu), etc.

Limitation of homeopathy in severer acute cases: Some of the acute diseases which may call for critical care due to severity of infection or nature of the disease, which may not respond fast enough to homeopathy; where homeopathy is not strongly suggested. Examples: Typhoid, Tuberculosis, Malaria, Meningitis, Acute Rheumatic fever, any severe infection, etc.

b. Chronic and recurring diseases:

Homeopathy has significant role to play for most of the recurring and chronic diseases in children, which, unfortunately is not fully explored.

Since this category of diseases is very important, we shall discuss scope of homeopathy for some of the diseases according to the systems. This list cannot be complete.

We have used homeopathy from Dr Shah for all of seven children in my joint family with great success. I strongly advocate homeopathy to all parents for their children.

- Mr C.J.Mehta, grandfather, India

My daughter who suffered from childhood asthma has been completely cured through your treatment and we are very grateful to you and your team.

- Father of baby Batool, Kuwait

When the ENT doctor asked for the removal of my daughter's tonsils, my husband and I were not convinced. We firmly believed that tonsils should not be removed and were trying to find someone who can support our ideas. Incidentally, a colleague suggested Dr. Shah's web site and we put our child on the homeopathic treatment program. The treatment has proved effective and the surgery is avoided.

- Mustafa Özgür, Turkey

My son was suffering from recurrent colds since last 3-4 years. He used to have severe bouts of sneezing which was worse in the morning. After starting homeopathic treatment, I have observed remarkable improvement in just four months. He has almost stopped getting colds now. I would like to thank Dr Shah and his team at Life Force.

- Mrs. C. Jadhav, Mumbai

My son was diagnosed with Nephrotic Syndrome and was put on steroids from time to time. There would always be a relapse on stopping steroids. I was fortunate to have a nephrologist who herself suggested homeopathy for my son. We approached Dr. Shah's clinic and started with his treatment. We could slowly reduce the dose of steroids. In fact, the need for steroids reduced after homeopathy. My child is almost out of the vicious cycle of steroid dependence. We are happy with Dr. Shah's efforts.
